

**AUTHORIZATION GUIDELINES - INJECTABLE DRUGS FOR BLEEDING
AND CLOTTING DISORDERS**

**OHP Plus and Standard Members
AND
CareOregon Advantage Plus and Star Members**

INSTRUCTIONS:

1. CareOregon has a preferred specialty vendor for drugs needed to treat bleeding and clotting disorders; the Oregon Hemophilia Treatment Center (OHTC) which is located at the Oregon Health and Sciences University (OHSU) Child Development and Rehabilitation Center (CDRC) in Portland, Oregon.
2. **Drugs on the list below do NOT require a prior authorization but MUST be obtained through OHTC in order to be covered (paid).** For information on how to obtain the drug from OHTC please contact them at 503-494-8716 or 1-800-452-3563.

Drugs needing to be obtain from OHTC:

| HCPCS Code | Generic Name | Brand Name(s) |
|--------------|---|--|
| J7185 | Antihemophilic factos | Factor VIII-Variou |
| J7190 | Antihemophilic factos | Factor VIII-Variou |
| J7191 | Antihemophilic factos | Factor VIII-Variou |
| J7192 | Antihemophilic factos | Factor VIII-Variou |
| J7198 | Anti-inhibitor coagulant complex | Autoplex T, Feiba VH Immuno |
| J0365 | Aprotinin | Trasylol |
| J7189 | Factor VIIa | Novoseven |
| J7193 | Factor IX | Benefix, Konyne 80, Mononine, Profilinine SD, Bebulin VH Immuno, Alphanine |
| J7194 | Factor IX | Benefix, Konyne 80, Mononine, Profilinine SD, Bebulin VH Immuno, Alphanine |
| J7195 | Factor IX | Benefix, Konyne 80, Mononine, Profilinine SD, Bebulin VH Immuno, Alphanine |
| J7180 | Factor XIII | Corifact |
| J7186 | Antihemophilic factor VII/von Willebrand factor complex | Alphanate |
| J7187 | von Willebrand factor complex | Humate-P |
| C9267 | von Willebrand Factor/Coagulation Factor VIII Complex | Wilate |
| J7183, J7184 | von Willebrand Factor/Coagulation Factor VIII Complex | Wilate |
