

Bone P.A. Clinic
Legacy Specialty Clinic
Legacy Emanuel Hospital campus

3001 N. Gantenbein Avenue

Portland, OR 97227

Telephone: 503-413-2000

Fax: 503-413-2427

Clinic hours: Monday - Thursday, 8:00 a.m. - 5:00 p.m.

To: Clinic managers, physicians and/or referral coordinators

Thank you for your referrals and interest in the Legacy Bone Clinic. The clinic offers these services:

- Ongoing orthopedic care beginning after the first emergency department visit through completion of care
- Orthopedic physician's assistant (P.A.) evaluation and treatment, including splinting, immobilization and casting
- Orthopedic P.A. evaluation of orthopedic bony complaints (by referral)
- Referrals to an appropriate orthopedic surgeon, as indicated
- Easy access to orthopedic services and further diagnostic studies, as needed

Note: This clinic does not evaluate workers' compensation injuries.

Please note these guidelines for referrals to Bob Earl, PA-C, and the Legacy Bone Clinic:

- An RN or referral coordinator must complete the referral form and fax it with the most recent chart note to **503-413-2427**.
- Give patients originals or copies of their X-rays/CD and MRI films to bring to their appointment. **Paper copies are not accepted.**
- *If X-rays or MRI's were not taken by your clinic, please mark this on the referral form so that we may order new X-rays before the patient's visit, if necessary.
- Patients must bring their current medical insurance card(s) to the appointment.

Thank you for your help. If you have questions, please call 503-413-2000 in Portland.

Sincerely,

Robert J. Earl, PA-C, and the Legacy Bone Clinic
