WHAT WE DO

For two decades, CareOregon has focused on quality health care and providing access to a broad provider network. We put members at the center of all our decisions.

Medicaid
Serving 250k+ Oregon Health Plan beneficiaries

Medicare Advantage
Serving 12k+ Dual-eligible Medicare beneficiaries in six counties
“Of all the forms of inequality, injustice in health care is the most shocking and inhumane.”

— Martin Luther King Jr.

10-14 day waiting period

(Managed Medicaid)
- Coordinated Care Organization (CCO)
- Responsible for ensuring members have access to all Medicaid/OHP covered benefits and services

Trillium CCO (as of September 2020)

careoregon.org
It helps to think of Medicaid in Oregon like a pyramid

**Oregon Health Authority (OHA)** runs the Medicaid program for the entire state of Oregon, which is called the Oregon Health Plan (OHP).

**Health Share of Oregon (HSO)** is what’s called a coordinated care organization (CCO). Health Share of Oregon works under OHA to serve OHP members in the tri-county area.

**CareOregon** is one of several insurance providers in the tri-county area that help Health Share CCO deliver care.

**Your healthcare providers** coordinate your care with CareOregon and other healthcare teams like nurse practitioners, behavioral health and dental providers, pharmacists and others.

- Preventive visits and dental exams
- X-rays, cleanings, fluoride varnish
- Fillings, dentures, limited crowns
- Sealants
- Deep cleaning for gum disease
- Extractions
- Limited root canals
- Urgent and specialty dental treatment
Systemic relationships of oral health and overall health

Hormones produced by stress and depression may contribute to gum disease

Bacteria in the mouth can be inhaled into lungs and may lead to respiratory complications such as pneumonia

There are links between kidney disease and oral health conditions

Rheumatoid arthritis may be linked to severe periodontal disease

Oral cancer can develop and easily spread through the body

HPV causes 70% of oropharyngeal cancers (OPCs) in the U.S.

Poor oral health may lead to higher risk for heart disease and stroke

Oral bacteria can lead to pre-term and low birthweight babies

Patients with diabetes are more likely to have gum disease. Chronic periodontal disease can weaken diabetic control.

Non-diabetic patients with poor oral health may be more susceptible to developing diabetes.

Bone density tends to weaken with age, including bones that support teeth
Medicaid/OHP members should not have to pay for covered medications.

Currently with COVID most medications are available for 90-day supply.

Covered medications are those medications on the formulary.
• We cover some over-the-counter (OTC) drugs such as aspirin, dramamine, cetirizine.

• Is my prescription covered by CareOregon?

• Does my prescription require pre-approval or has limits?

• Need prescription from your provider.
Access to Care

- Language Access
- Care Coordination
- Health Related Services
- Non-Emergent Medical Transportation
Language Access

**Title VI**

“... No person in the United States shall, on the ground of race, color, or national origin, be excluded from participation in, be denied the benefits of, or be subjected to discrimination under any program or activity receiving Federal financial assistance.”
What is Care Coordination?

Patient-focused multidisciplinary team, dedicated to working with clinical partners to coordinate services and resources for patients and providers.

*CareOregon community-based supports

careoregon.org

- Date and Time of your Appointment
- Full Start and Destination Address
- Facility Name, Dr.’s Name, Dr.’s Phone #
- Medical Reason for Visit
- Round Trip or One-Way Trip
Medicare 101

Medicare is a federal health insurance program for people 65 or older, people with certain disabilities, and people with end-stage renal disease. Social Security administers while the Center for Medicare and Medicaid Services (CMS) regulates the program.

Medicare members were mailed new ID cards beginning 2018.

Members can call Social Security at 1-800-772-1213 to order a new card.
