CareOregon wants to make sure your unique health needs are addressed, so you are as healthy as possible. That’s why your benefits include access to a fund for what the Oregon Health Plan (OHP) calls “health-related services.”

This fund covers items or services that will help keep you healthy, and that you might not expect would be paid for by your health plan.

### Real-life examples

Health-related services funds help you get and stay healthy. Here are some examples:

- **Phone/video appointments**: A cell phone, tablet, an internet connection for better access to providers, etc.
- **Food support**: Meal delivery, food vouchers, farmers market funds, etc.
- **Housing support**: Furniture, application fees for housing or a state-issued ID, moving costs, etc.
- **Living environment**: Air conditioners, athletic shoes, items that improve mobility, etc.
- **Comfort items**: Weighted blankets, sleep aids, vouchers for yoga classes, etc.

These funds are meant to fill needs until a permanent plan is in place.

### Steps for requesting funds

1. **Talk to your provider or care coordinator** about what’s keeping you from getting and staying healthy. Members of your care team can make requests for health-related services funds.

2. **If your diagnosis or treatment** calls for an item or service not otherwise included in your health coverage, they’ll fill out a form on our website to make the request.

3. **We’ll let you and the person who made the request know** if your request is approved.

It helps to think of Medicaid in Oregon like a pyramid

**Oregon Health Authority (OHA)** runs the Medicaid program for the entire state of Oregon, which is called the Oregon Health Plan (OHP).

**Health Share of Oregon (HSO)** is what’s called a coordinated care organization (CCO). Health Share of Oregon works under OHA to serve OHP members in the tri-county area.

**CareOregon** is one of several insurance providers in the tri-county area that help Health Share CCO deliver care. We also help process providers’ health-related services funds requests.

**Your primary care provider (PCP)** might be a doctor, a nurse practitioner, a physician’s assistant or a naturopath. They coordinate your care with CareOregon and other medical team members like dentists, mental health providers, pharmacists and others.

**CareOregon provides services like these for Medicaid (OHP) members:**

- Physical health care
- Mental health care
- Substance use treatment
- Dental care
- Medicare through CareOregon Advantage
- Hospice and palliative care through Housecall Providers
